

Rocky Mountain Power Dispatch Center field trip

The second field trip will be a visit to the main Rocky Mountain Power building at 1407W North Temple. We will go in one group, Friday, 1/28 (**NOT SURE YET**). We'll meet in the main lobby at about 3:20 pm and the field trip will begin about 3:30. Enter the main lobby at northwest corner of the red brick RMP building on North Temple.

Please check canvas announcements just before leaving for the field trip in case the it has to be postponed. The dispatch center can sometimes be swamped with work due to one or more power outages. This will almost certainly be the case if we get bad weather on or before the field trip day.

MEET HERE
